

REMARKS/ARGUMENTS

Prior to this Amendment, claims 1-4, 6-27, 29-33, 35, 38-39, and 41-44 were pending in this Application.

The Examiner has rejected claims 1-4, 6-27, 29-33, 35, 38, 39, and 41-44 of this Application under 35 U.S.C. § 103(a) as being obvious based on U.S. Patent Application Publication No. US 2004/0064481 A1 to Azami in view of U.S. Patent Application Publication No. US 2004/0103105 to Lindblad et al. (hereinafter “Lindblad”).

Claims 1, 15-16, 18-24, and 30 have been amended.

Claims 7-8 and 10-11 have been cancelled without prejudice.

Claims 45-51 have been added.

All amendments are fully supported by the specification and no new matter has been added.

Reconsideration and allowance in view of the amendments and remarks is respectfully requested.

Rejection under 35 U.S.C. § 103(a) based Azami and Lindblad

The only issue in this case is whether claims 1-4, 6, 9, 12-27, 29-33, 35, 38, 39, and 41-44 are unpatentable over Azami in view of Lindblad.

Independent claim 1 has been amended to include the limitation:

“said content management system generating a respective reference between the XML document and each of the fragments”

(Claim 1)(Emphasis added).

Azami does not disclose a content management system that “generat[es] a respective reference between the XML document and each of the fragments.” Similarly, Lindblad does not disclose that limitation. Since neither Azami nor Lindblad does not disclose this limitation and others, independent claim 1 is not unpatentable over Azami in view of Lindblad.

Claims 2-4, 6, 9, 12-23 are dependent claims of claim 1. Therefore, these claims are allowable for at least the same or similar reasons.

For at least similar reasons and additional reasons claim 24-27, 29-33, 35, 38, 39, and 41-44 are allowable.

New claims 45-51 have been added. Applicants submit that these new claims are allowable over the prior art of record because these claims include other limitations not believed to disclosed or suggested by the prior art of record.

CONCLUSION

In view of the foregoing, Applicants believe all claims now pending in this Application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 408-244-6319.

Respectfully submitted,
